

October 10, 2023

Dear JR RIDER Supporter

Thompson Rivers Parks & Recreation District is ready to start a new year for our competitive softball program for area youth, the Junior Riders 10U team. The team is comprised of some great and enthusiastic young talent from our small towns. Our team is seeking financial support from people and businesses in our community to help create a great 2023-24 softball season for our team.

Our team is looking for supporters just like you. The dollars gained will support practice and game attire as well as purchasing new safety and softball equipment, such as gear for our catchers, cold weather gear, team bats, etc. The remaining funds would support competition fees that may not be covered in our initial player fees.

The average cost for a tournament team entry is \$550-\$675. It is important to play in tournaments to challenge the girls with competition from different areas of the state. Our players do pay a fee to play but it is nominal in comparison to other teams in the area.

Our teams play under the Thompson Rivers Foundation. All your donations are tax deductible ( Thompson Rivers Foundation, EIN: 20141292966) and will be used entirely by our team. The coaches for our team volunteer their time. We are a non-profit team that is unique to the area.

Please consider supporting our team. Anything helps! Attached is a donation slip with information on how to make a donation. Donations can be given directly to your player or mailed to the address below. If you have any questions, please contact your Junior Rider or a coach.
