

October 10, 2023

Dear JR RIDER Supporting Business,

Thompson Rivers Parks & Recreation District is ready to start a new year for our competitive softball program for area youth, the Junior Riders 10U team. The team is comprised of some great and enthusiastic young talent from our small towns. Our team is seeking financial support from people and businesses in our community to help create a great 2023-24 softball season for our team.

Our team is looking for sponsors just like you. The dollars gained through our sponsors will support practice and game attire as well as purchasing new safety and softball equipment, such as gear for our catchers, helmets for the whole team, team bags, and competition fees that may not be covered in our initial player fees.

We would love to celebrate your support. If you wish, sponsor names can appear on a travel banner that the team will put on display wherever we may travel for games. This is a great opportunity to get your name/business noticed and demonstrate your investment in our special community. All your donations are tax deductible (Thompson Rivers Foundation, EIN: 20141292966). Not only will your support help our team be successful in our next season, but it will also help to showcase what a great and caring community we get to be part of..all while promoting your business.

Please support our young athletes. Anything helps!

Thank you for considering helping the Junior Lady Riders Softball team.

Nick Foss
Junior Riders Softball Head Coach 10U-Gray
